Job Title:	**FACILITIES ELECTRICIAN**
Reports To:	Lift Maintenance Manager
Classification:	Full-time Year-round
Posting Start Date:	June 18, 2012
Posting End Date:	July 2, 2012

Job Summary: In alignment with the resort's vision and mission and organizational values and under the direction of the Lift Maintenance Manager, the Facilities Electrician will install, maintain, repair and troubleshoot all electrical systems, lifts, snowmaking, lighting, Waterpark infrastructure and buildings.

Specific Functions:

1. Ensures all facilities are maintained to NEC Code and manufacturer's recommendations.
2. Reads diagrams and manufacturer's manuals to ensure compliance of all systems.
3. Assists in emergency situations.
4. Completes all log sheets accurately, and in a timely manner.
5. Adheres to the Customer Service Standards of Camelback Mountain Resort as well as all Company policies as outlined in the Employee Handbook.

Job Qualifications:

- Five (5) years experience with the following systems preferred: AC/DC motors, voltage controls, digital drives, low voltage electrical control circuits, PLC and relay logic, electrical wiring and troubleshooting, mechanical, and communications.
- Ability to work with all voltages up to and including 480 volt 3 phase required.
- Current electrician license required.
- Ability to work and get along well with others required.
- Creative problem solving skills required.
- Ability to ski or snowboard preferred.
- Working knowledge of Microsoft computer applications preferred.

Generally Accountable For:

- Actively supporting all Company initiatives.
- Ensuring all work is completed in a safe, quality and timely manner.
- Complying with all departmental and Company safety standards.
- Communicating effectively with all members of the Camelback Mountain Resort team.
- Assisting the Lift Maintenance Manager in all other functions as required.

Work Conditions and Schedule:

- Includes indoor and outdoor work environments. Exposure to extreme temperatures should be expected.
- Working with dirty, greasy equipment is to be expected.
- Weekend, night, and holiday availability is required as well as flexibility with work schedule.
- During peak seasons, the schedule may require a work period over 40 hours per week.
- Climbing and working at excessive height is to be expected.

This job description is to be considered a general outline of the duties and responsibilities of this position and is subject to changes and revisions by Camelback Mountain Resort at any time. Responsibilities are listed as guidelines only and the job is not necessarily limited to these specifications.
