Let the Summer Fun Begin at Camelbeach Mountain Waterpark Buy One Get One Free Admission to Waterpark Friday, School's Out Day Treat Your Dad to a Splashing Good Time Sunday, Father's Day

This Friday, June 15th is our 14th Annual School's Out Day where we celebrate completing another year of school, the kick off to summer and our daily operations with a buy one, get one promotion.

On Sunday, June 17, Camelbeach will be celebrating Father's Day with another discount ticket promotion that focuses on family time and savings. We are offering a free admission ticket for Fathers when purchased with another general admission ticket. (This is limited to one free ticket per family.)

"The weather is going to be hot, schools are out of session, and Father's Day is Sunday. It's going to be an excellent weekend for families to come out and kick off the summer season," said Wayne Franks, Director of Operations at Camelbeach Mountain Waterpark. Franks continued, "We have a new Adventure Zone this year which has bungee jumping, rock wall climbing and a free fall airbag just like you see in those Hollywood movie stunts. Don't miss the opportunity to soar 4000' from the summit of Camelback down to the base on our new 4000' long, dual, racing Zip-Flyers. These twin Zip-Flyers are the longest offered in North America and travel down the slopes and directly over the Waterpark."

Camelbeach Mountain Waterpark has 37 rides, slides and attractions, making it the biggest waterpark in PA and it keeps getting bigger! New for summer 2012 are the dual, racing, 4000' Zip-Flyers that soar from the top of the mountain over the Waterpark and a 4500' steel rail mountain coaster that twists and turns as you careen down the mountain slopes due to open in late-July! Both of the new attractions will be open all year – proving Camelback Mountain Resort ensures action, adventure and excitement 365 days a year. Since 2008 the owners of Camelbeach and CBK Mountain Adventures have invested over 9 million dollars in slide and activity improvements.
